BEST SELLER

ROYAL FIT *Signature Style*

ROYAL DELITE *Lounge Bra*

The perfect lounge bra with high side coverage for a slimming silhouette and a deep plunge neckline. Wireless, super light & super comfy - this style allows for total freedom of movement. Definitely one of our bestsellers and an absolute favourite among our loyal consumers.

● Black	● Cool Grey	● Glacier Grey	

ROYAL MAGIC *Strapless*

The elegant lines and perfect support on the body make this strapless bra the first choice when wearing off-the-shoulder summer, wedding and gala dresses. A padded underwire and spandex technology on the inside of the side panel for extra support are the main reasons for the popularity of this style. Guaranteed support with maximum comfort - never pull up your bra again.

ROYAL DIVA *Slimming Effect*

From now on, our Royal Diva is also equipped with a smooth, cuddly back part that is invisible under clothing, which further increases the wearing comfort of this successful bra. This lightly lined full coverage style is equipped with a supportive front panel and soft padded cups. Wider shoulder straps and a supportive back part make this style especially suitable for women with a bigger bust. The shape of the cup leads to an instant slimming & minimizing effect. Comfort and beauty combined in one.

ROYAL MIRACLE *Sweetheart*

Slightly lower cut and with a heart-shaped neckline, this bra is better suited to women with a more moderate bust size. The material contains a high proportion of modal fiber, which is sustainable and environmentally friendly. This fabric also gives a silky, luxurious feel against the skin. Very high quality, sustainable and comfortable at the same time - the perfect bra for every day.

ROYAL GALA *Spacer Cup*

The cup material is a very light and airy spacer knit and the cup shape corresponds to a full coverage cup. On the inside of each cup there are functional loops on the outside for a perfect bust shape. The elegant lace is a so-called Leavers clip lace from Calais in France and, together with the very transparent shoulder straps, visually supports the very pleasant lightness of this bra. The back is again smooth and soft and very comfortable on the skin.

ROYAL DREAM Bralette

This Bralette is without a wire and features a functional sling inside the cup which guarantees a perfect fit and a beautiful bust shape in all sizes. Light weight support with a hint of seduction. The seamless back-part completes the intelligent design. Feeling pretty in lace – every day.

ROYAL LACY *Airy, Lacy & Elegant*

Probably the first no wire style bra with an airy spacer cup paired with our signature side panel with a high finish under the arms for a slim silhouette, which is decorated with high-quality lace. Light, airy and elegant - the perfect bra for every day and every body.

ROYAL JOY *Strapless No-Wire Style*

Our first strapless bra without underwire is the intelligent continuation of our Royal Magic. Here too, our tried-and-tested Spandex technology is used on the inside of the side panels to ensure a perfect hold & support. The main difference is that our Royal Joy is slightly higher on the side and therefore also encloses the breast well at the top, ultimately preventing the bra from slipping off. Thanks to the discreet lace band with a fine picot finish, our Royal Joy can be worn every day and for every occasion. Put it on and forget about it - a real joy!

SHORTY FIT *Classic*

Our classic brief is available in our full colour range! Soft stretchy trims that are invisible under clothing and that you can't feel on your body. A classic cut that is comfortable and safe to wear all day. The perfect brief for all day – every day!

RIO FIT *Rio*

A high leg cut and less coverage at the back will make your legs look a lot longer. Soft trims that you can't feel on your body and that are invisible under clothes complete these super comfortable briefs.

HIGH FIT *High Waist Slip*

For better support and a slightly slimmer body shape, we recommend our High Fit, which closes softly around the body and is very comfortable to wear. All bonded seams are again not visible under clothing.

SHORTY MIRACLE *Sustainable*

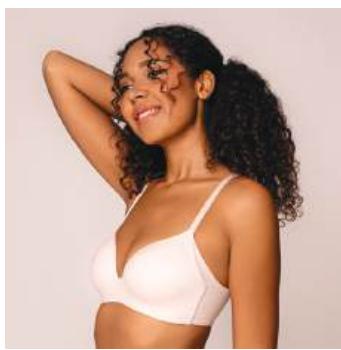

Matching our Royal Miracle, this classic brief is also made from modal fibre, which is sustainable and eco-friendly. On the skin, these briefs feel silky soft and again, the trims are soft on the body and invisible under clothing.
